THE OBEDIENT WIFE !

There was a man who had worked all of his life, had saved all of his money, and was a real miser when it came to his money.

Just before he died, he said to his wife, "When I die, I want you to take all my money and put it in the casket with me. I want to take my money to the after life with me." And so he got his wife to promise him with all of her heart that when he dies, she would put all the money in the casket with him.

Well, he died. He was stretched out in the casket, his wife was sitting there in black, and her friend was sitting next to her. When they finished the ceremony, just before the undertakers got ready to close the casket, the wife said, "Wait just a minute!"

She had a box with her; she came over with the box and put it in the casket.

Then the undertakers locked the casket down, and they rolled it away. So her friends said, "Girl, I know you weren't fool enough to put all that money in there with your husband."

"The loyal wife replied," Listen, I can't go back on my word. I promised him that I was going to put all the money in that casket with him."

"You mean to tell me that you had put in all the money in the casket with him!!!"

"I sure did," said the wife. "I got it all together, put it into my account and wrote him a cheque. If he can cash it, he can spend it."

A WISH.....

A man riding his horse in the forest stamped a bottle, it broke and there appeared a Genie.

The genie said, "Thank you my majesty for releasing me.....for this kind courtesy I will grant you one wish."

The man was happy and excitedly said, "Build a bridge to Hawaii so I can ride over anytime I want."

The Genie said, "Your request is materialistic, think of the enormous challenges for that kind of undertaking; the supports required to reach the bottom of the Pacific and the concrete ...it would be tedious! It will nearly exhaust several natural resources. I can do it but it is hard for me to justify your desire for worldly things. Take a little more time and think of something that could possibly help mankind."

The man thought about it for a long time. Finally, he said, "Genie, I wish that I and all men could understand our wives; I want to know how she feels inside, what she's thinking when she gives me the silent treatment, why she cries, what she means when she says nothing's wrong and how I can make a woman truly happy?"

The Genie replied, "You want two lanes or four on that bridge"?

DOCTOR

On the way to pre - school, the doctor had left her stethoscope on the car seat, and her little girl picked it up and began playing with it.

"Be still, my heart," thought my friend, "my daughter wants to follow in my footsteps!"

Then the child spoke into the instrument: "Welcome to McDonald's. May I take your order?"
