

## From the Desk of Co- Editor

Mr. Mohammad Anis & Ms. Casilda Viegas

Hello Friends!

Personal greetings from both of us to all our readers. I know everyone is eagerly waiting for the issue but it was delayed due to change of guards and now we **Mohammad Anis & Casilda Viegas** would be handling this affair. We make sure that from now onwards the magazine will reach you regularly. We have a great hero of FFCL by the name **Mr. Sunil Jadhav (Field staff, Panvel Branch)** which has set an example for bravery. He had a fight with thieves who tried to snatch his valuables from him. You can find the more details inside our magazine. We are proud to have such brave hero's in our organization.

Many of you must have seen the movie "**TAARE ZAMEEN PAR**". I think this movie is a wonderful and successful movie of the year. It is not only teaches parents but also make them feel that it is **WE** who are responsible for the future of our child. We need to take care of our children and understand them. Understand their feelings, expression what they try to tell or explain to us. I strongly recommend that at least once we all must watch this movie. It will help parents to understand their children better and let's try to be a friend cum guardian to our children.

Since there has been a wide gap between the last issue and current issue of **The HUB** due to change of guards, we are carrying some of the pictures of the occasions which were of early part of the year, but we promise that henceforth you will get regular issues of **The HUB**.

You will be glad to hear that we have celebrated the birthday of our beloved **Chairman & Managing Director** of our esteem organization **Mr. O. P. Saboo** at Ahmedabad during kite festival. Everybody enjoyed this auspicious occasion. The glimpse of this occasion can be seen on the happening section. The birthday cake was arranged in the shape of a kite having name of our beloved **CMD** written on it.

We feel proud to say that recently FFCL have been awarded as "**Amity Corporate Excellence Award**" along with the "**Certificate of Excellence**". Our **DMD – Mr. R.K.Saboo** had the honour to receive this prestigious award on behalf of FFCL, and he has dedicated this award to all First Flightiens for making FFCL to reach to such heights and hope that all First Flightiens will continue to make better efforts to bring such more glories to FFCL.

Friends, I got few letters saying that they are getting the magazine very late and by the time they send their entries, the dates are passed away. I have noted this point and I will make sure that you get this magazine on time. Friends, I feel happy to announce that **Mr. Himanshu Dave (Account Assistant, Ahmedabad)** have won the prize for Suduko of volume no. 34. Friends sometimes your contribution touches our heart and teaches many things to us. So do send your beautiful and valuable contribution to us. We are waiting for it. I know there are many hidden talents in every individual, so explore the hidden talents and essence the world with your beautiful thoughts and imaginations and also encourage others to explore their hidden talents.

So keeping this in mind start sending your contribution **NOW** and keep this flame burning through out your life. Best of luck to all of you from **THE HUB** magazine.

Enjoy Reading!

**Mr. Mohammad Anis & Ms. Casilda Viegas.**
