

Mr. Sunil Jadhav
Field Staff, Panvel/Taloja

Dear Sir

Mr. Sunil Jadhav Field Staff who is deputed in Panvel Branch had started his day on 24th Nov as per his normal schedule. Little knowing what was in store for him. He was out on filed in Taloja Area around 12:00 p.m. doing his deliveries when he was stopped and attacked by three Knife wielding Motor Bike Riders who started demanding Mr. Sunil to handover all his valuables in his possession. When refused they started manhandling him physically and forcefully snatched his Mobile and Cash of Rs. 440/- from his pocket.

Sunil who was shocked by this incident in broad day light decided not to give up so easily and decided to put up a fight with the three goons....Like a true First Flighter and a responsible Citizen fought the three guys with great valour and courage least thinking about his Personal Safety.

The goons least expected such a retaliation from Sunil, and were over powered by Sunil and in this scuffle two guys managed to slip awaybut Sunil held back to one of the goons and by this time public gathered and the guy was handed to the Cops.....who later on tactfully traced the other two guys within a very short time.

As per the Cops these three guys were operating in this area for a couple of months and there seems to be number of complaints registered against them by the local people.

The mode of operation was the same. They would target people returning from work snatch the valuables and Zoom away on the motorbike into the dark....People who used to work in the second shift used to continue for third shift and return back home in the morning fearing attack from the above three.....the local people had carried a morcha to the local police station protesting against this activity.

It is truly a great effort by Mr. Sunil because of him the three DHOOM style goons are behind bars and Locals in Panvel/Taloja can move around free in open.

We take this opportunity to congratulate Mr. Sunil for his bravery on behalf of First Flight Family.
